RESPONSE TO OFFICE ACTION DATED JUNE 28, 2001

Dear Sir:

This is a response to the June 28, 2001 Office Action which has a statutorily shortened period for response that ends September 28, 2001.

Please amend the above-identified application as follows:

IN THE SPECIFICATION

Please replace the paragraphs starting on page 2, line 16 with the following replacement paragraphs.

Although the rotor structure shown in Fig. 2A facilitates reducing the rotational inertia thereof, using too long of a supporting cylinder 12 will increase the inertia of the rotor.
